

O-Care OOP

\$6350

\$4000

\$2350

Platinum Gold Silver Bronze

\$4000 ← → \$6350

After all is said and done (*and more is always said than done*) the plan design with the richest benefit ACA Platinum by law **cannot be lower than \$4,000** M-OOP (maximum out of pocket) and the lowest ACA plan design by law **cannot be higher than a \$6,350 M-OOP**.

So ask yourself, “**How much more do you plan to pay in premiums a year to avoid the \$2350 (\$196 a month) worst-case difference in M-OOP?**”

Plus, most Bronze plans allow you the option to use a triple tax preferred Health Savings Account.
